**Pro Kick Schools Challenge:** On the 22<sup>nd</sup> October all children in Reception, Year 1 & 2, will be able to take part in a speed challenge event where they will test their skills against a large inflatable goal!!

The children have had an assembly this week to explain about the event which is arranged by Sports Connections.

Look out for the sponsor form and envelope which will accompany this newsletter.

**Jeans for Genes:** Thank you to everyone who sent in their donation for this very worthy charity. We raised £344.20!

**Parent Governor:** We have a vacancy on the Governing Body. With this newsletter there is some information about the election to fill the vacancy.

**Foundation Stage Parents:** we will be running a 'SHARE' course in school after half term for the parents of children in the reception year and the nursery. The course is designed to help you to support your child's learning. During it you will be shown some of the things that are going on in school and ways to help at home.

Parents' influence on their child's learning is strongest while the children are young - so it is worth coming!

The course will take place on Friday mornings for two hours. Further

information will be available in the next few weeks.

**Quantum Theatre:** Next Thursday 15<sup>th</sup> October, we have the Quantum Theatre visiting our school. They will be performing a play for YR1 & YR2 entitled "What if it rains", a fun musical comedy promoting walking to school. This links in to our school travel plan encouraging children to walk to school and explores the health and environmental benefits gained by this. It also links in well to Year 2's topic of "Going Green". We have had this company into school before and we are sure that the children will really benefit from getting important information and learning in a fun, interactive way.
